SUMMARY

Hands-on software developer with experience building real-world frontend and full-stack applications. Strong problem-solving skills with a focus on performance, scalability, and clean code.

PROJECTS

PORTFOLIO WEBSITE — *React.js, TypeScript, GSAP*

[Live Demo](#)

[GitHub](#)

- Built a high-performance portfolio showcasing 6+ projects with smooth animations; achieved **90+ Lighthouse score** and **40% faster load time**.

JUST-CONVERT — *React.js, Node.js, Express.js*

[Live Demo](#)

[GitHub](#)

- Developed a full-stack PDF conversion platform handling **100+ files/day** with average processing time under **2 seconds**.

STATSMETRIC — *React.js, Express.js, MongoDB*

[GitHub](#)

- Built a metrics dashboard with optimized APIs, reducing response latency by **35%**.

CHATBOT-BOT — *React.js, Socket.io, MongoDB, JWT*

[GitHub](#)

- Engineered a real-time chat application supporting **50+ concurrent users** with secure authentication.

INTERNMATCH — *Python, Flask, Scikit-learn*

[GitHub](#)

- Built an ML-based recommendation engine achieving **85% accuracy** for skill-based internship matching.

RUSTEZE – GO-KART DESIGN TEAM WEBSITE — *React.js, JavaScript*

[Live Demo](#)

[GitHub](#)

- Developed the official website for a go-kart design competition team to showcase design and sponsors.

EDUCATION

Punjab Engineering College, Chandigarh

Expected May 2028

B.Tech. in Electrical Engineering

SEM School, Sikar

2023

12th Grade (81.6%)

SKILLS

Languages: C/C++, Python, JavaScript

Tech Stack: React.js, Next.js, Node.js, Express.js, MongoDB, SQL, Tailwind, JWT, GSAP

Tools: Git/GitHub, Postman, VS Code, MongoDB Atlas

ACHIEVEMENTS

- Top 10 finish among 200+ teams at **IEEE PRAJNA AI Hackathon**.
